

## Service Technician

---

### JOB DESCRIPTION

Are you an experienced service technician looking for a unique company and team to work with? Are you an organized and detail-oriented person? Do you naturally take ownership and track details to completion? Are you someone who believes anything worth starting is worth measuring? Are you excited and confident about keeping numerous projects moving forward at one time? Do you view interruptions as opportunities rather than frustrations? If so, keep reading ...

Young Services is looking for a service technician who can help service, support, advise and care for our many existing and new clients. One who is confident, professional, passionate and experienced, to join our growing team.

We have a steady flow of work and a growing base of properties and customers. Help us continue to provide caring, professional and efficient solutions for our clients plumbing, heating and cooling needs. We are growing fast and looking for the right person to take ownership in their work and wants to be part of the future in this business.

Young Services has a zero-tolerance policy on substance abuse in the workplace.
